>>> DIGITAL WELD GAUGE

Introduction:

This digital weld gauge is capable of measuring butt weld reinforcement and throat, etc and provide a faster and more accurate reading.

Features:

1. It is made in hardened stainless steel and has four prepared angles of 60, 70, 80 and 90 degrees to fit most situations for accurate measuring.
2. The data output interface makes it possible to connect with a PC or data logger for collecting and analyzing measurements.
3. Can be equipped with a IP54 protective module for protection from water-spray, dusts and oil

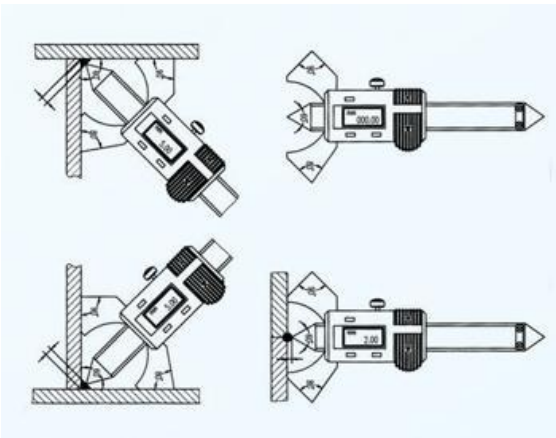

TECHNICAL DATA:

Model Code	BE-DWG
Protection level	No
Resolution (mm/in.)	0.01/0.0004
Range (mm/in.)	20/0.8
Permissible Error (mm/in.)	$\pm 0.03/\pm 0.001$
Angle (degree)	60, 70, 80, 90
MM/IN. Conversion	YES
ON/OFF Function	YES
Setting at any position	YES
Data Output	Available
Measuring Speed	$\leq 1.5\text{m/sec}$
Working Temperature	0~40°C
Relative Humidity	$\leq 80\%$
Storage Temperature	-10~+60°C
Accessories	Button Battery 1.55V

APPLICATIONS:

PACKAGING:

Wooden box
