

# UVG SERIES

INSPECTION UV LIGHT

**UVG5 HEADLIGHT** Compact, light and adjustable, frees your hands during inspections.

**UVG3 TORCH** Small, Light and Powerful for quick inspections.

UVG3 and UVG5 make use of specialized filters that do **not suffer from solarization**. This means that the **intensity level does not deteriorate** over time and users do not need to replace filters. All units are available with a certificate of compliance for **ASTM E3022-15**.

**UVG3 Midlight**  
> 8 000  $\mu\text{W}/\text{cm}^2$

**UVG3 Floodlight**  
> 2 000  $\mu\text{W}/\text{cm}^2$

**UVG5 Midlight**  
> 8 000  $\mu\text{W}/\text{cm}^2$
